Dear Bob:-

I received your letter in the same envelope of the letter of Mother Superior.

and here we have very lovely weather and we all hope that it will be that way for some time.

I have made your reservations to come home on the 22 of this month - this ticket I will send to Mother Superior the week of December 15. Your return trip to Montreal ticket is also reserved so that you are assured of a place in the train both ways.

Bob - Billie and myself are working hard everyday. besides the \$25.00 that it will cost us just for the train tickets, you will need some clothes, skates, snow suit etc - which altogether will amount to another 40 to 50 dollars - and we will not be sorry at all - in fact Billie and I are glad to do this for you if you are a nice girl.
