

You say you hope we will never
be sorry - well that's up to you - we
do all we can and we want you to
be a nice girl. We are not asking
to much of you.

Have you written to Mrs. Baucier and
thanked her.

It would be unfortunate if Henri goes
to war and leaves his family. So you
realize how fortunate you are that I am
not called away and leave you with
strangers who would provide you with
the bare necessity of life.

Billie and myself are anxious to see
your monthly report and also to know
how you came out at your piano test.

Remember we are looking forward
to have you with us for 2½ weeks and
have a nice lady in our Dorothy.

We shall meet you in Boston

Write soon -

Love.

Billie & Dad
