Dear Dorothy:-

Congratulations from your Mother and myself on the fine work you have accomplished, that is according to your letter of Feb. 1 which made both of us very happy.

It is a fine feeling to know that you were a nice girl and knew all of your lessons & that you enjoyed it too. Keep it up Dot.

I found your Trisel and you should receive it with the white cotton and your house coat this week.

We are sending you a dollar bill so that you may have some extra coppers. But ~~now~~ Dot you don't have to have it changed into coppers because you would have too many pennies. Dot that was a very clever way to ask us for money and we sure appreciate the way you ask.
