

I will not be able to send you any picture for some time to come.

It's been awful cold last week and it looks as if Joe Winter is trying to make a come-back -

Do you still go skating - it must be all over now I suppose.

This morning I went thru the factory and you should see all the young girls of 17-18 years - working very hard and without any education - Some of these wish they were back in school. But it is a disgrace the way these young girls talk, walk and act - When I see that I thank God that you are in a beautiful place and I pray so that he will make it possible for your mother and myself to keep you in good schools so that when you are older that you will be a lady and be able to go thru life as a lady with a good sound moral which only a catholic education can provide.

Keep on praying and doing well.

Love.

Mother & Dad.
