What is the trouble with  
arithmetic - is it because  
you do not understand the  
problems or don't you like  
that study, or what. You  
most likely of been 4<sup>th</sup>  
or perhaps even 3<sup>rd</sup> if it  
were not for arithmetic.  
So if I was you I would  
give that study very serious  
consideration. Because we  
would of owed you more  
money had you been 4<sup>th</sup>  
or 3<sup>rd</sup>.
