

There is nothing new in the house - The parlor & den I use when I inflate the kytoon and if I do not get the thing done soon I'll get thrown out - Gee honey we have loads of fun, and your mother & I are very happy

To-morrow morning I will be in Boston and I will bring down the balloon that I put up there last Friday afternoon.

Here's hoping you keep up the fine work and I like the sound of your letter it is jolly and shows a good sense of humor.

Good day sweet - and pray hard so that the Kytoon flies well

Your loving

Dad & Mother
