Barriletes Gigantes: *The Giant Kites of Guatemala*

Barriletes Gigantes: The Giant Kites of Guatemala will be the first definitive publication on the traditional kite making of Guatemala. At 112 pages, 10.5 x 11 inches portrait format, in full color, with two pull out panoramas, this publication will capture over a decade of work with the kite makers of Guatemala and document recurring culture, tradition and ritual of the kite festivals.

Contributing to the publication, Scott Skinner will describe and compare other traditional kite festivals throughout the world. Research historian Christopher Ornelas will write about the history and culture of the people of Guatemala, and Guatemalan journalist, Vitorino Tejaxun Alquijay, will detail the vision and work of the kite artists and their use of these kites as their media of expression. Photo documentation for the book is the work of many field photographers including Jose Sainz, Ali Fujino and Ben Ruhe.

There will only be 1000 copies in the first edition! Don't miss your chance to help share this story...
