

BUILD THIS KITE AND HAVE SOME FUN

Match comers A and B together, and pinch at the center.
See Fig. 1.

Do the same with comers C and D. This will mark the center
Take the comers A and C, fold to the center and crease.
See Fig. 2.

Repeat for B and D.
Fold corner A back along the folded edge and crease.
See Fig. 3.

Repeat for corner B.
Tape A and B in place.
Cut a piece of light of string and tape in place along
the edge. See Fig. 4.

Match the edges of the paper together and run the string
between your fingers to find the center and tie a loop.
See Fig. 5.

Tape a tail in the middle between C and D. This can be made
of tissue paper or plastic.
Tie a string to the loop and have fun.
